

This architectural drawing shows the elevation of a building facade with a gabled roof. The drawing includes the following dimensions:

- Roof Height:** The total height from the ground level to the peak of the roof is 4000.
- Roof Slope:** The roof slope is indicated as 1:22,920.
- Ground Level:** The ground level is marked as 0.000.
- Window and Door Heights:**
 - The height of the ground floor window is 4920.
 - The height of the first floor window is 3500.
 - The height of the second floor window is 3500.
 - The height of the third floor window is 3500.
 - The height of the fourth floor window is 3500.
 - The height of the fifth floor window is 3500.
 - The height of the sixth floor window is 3500.
 - The height of the seventh floor window is 3500.
 - The height of the eighth floor window is 3500.
 - The height of the ninth floor window is 3500.
 - The height of the tenth floor window is 3500.
 - The height of the eleventh floor window is 3500.
 - The height of the twelfth floor window is 3500.
 - The height of the thirteenth floor window is 3500.
 - The height of the fourteenth floor window is 3500.
 - The height of the fifteenth floor window is 3500.
 - The height of the sixteenth floor window is 3500.
 - The height of the seventeenth floor window is 3500.
 - The height of the eighteenth floor window is 3500.
 - The height of the nineteenth floor window is 3500.
 - The height of the twentieth floor window is 3500.
 - The height of the twenty-first floor window is 3500.
 - The height of the twenty-second floor window is 3500.
 - The height of the twenty-third floor window is 3500.
 - The height of the twenty-fourth floor window is 3500.
 - The height of the twenty-fifth floor window is 3500.
 - The height of the twenty-sixth floor window is 3500.
 - The height of the twenty-seventh floor window is 3500.
 - The height of the twenty-eighth floor window is 3500.
 - The height of the twenty-ninth floor window is 3500.
 - The height of the thirtieth floor window is 3500.
 - The height of the thirty-first floor window is 3500.
 - The height of the thirty-second floor window is 3500.
 - The height of the thirty-third floor window is 3500.
 - The height of the thirty-fourth floor window is 3500.
 - The height of the thirty-fifth floor window is 3500.
 - The height of the thirty-sixth floor window is 3500.
 - The height of the thirty-seventh floor window is 3500.
 - The height of the thirty-eighth floor window is 3500.
 - The height of the thirty-ninth floor window is 3500.
 - The height of the fortieth floor window is 3500.
 - The height of the forty-first floor window is 3500.
 - The height of the forty-second floor window is 3500.
 - The height of the forty-third floor window is 3500.
 - The height of the forty-fourth floor window is 3500.
 - The height of the forty-fifth floor window is 3500.
 - The height of the forty-sixth floor window is 3500.
 - The height of the forty-seventh floor window is 3500.
 - The height of the forty-eighth floor window is 3500.
 - The height of the forty-ninth floor window is 3500.
 - The height of the fiftieth floor window is 3500.
 - The height of the fifty-first floor window is 3500.
 - The height of the fifty-second floor window is 3500.
 - The height of the fifty-third floor window is 3500.
 - The height of the fifty-fourth floor window is 3500.
 - The height of the fifty-fifth floor window is 3500.
 - The height of the fifty-sixth floor window is 3500.
 - The height of the fifty-seventh floor window is 3500.
 - The height of the fifty-eighth floor window is 3500.
 - The height of the fifty-ninth floor window is 3500.
 - The height of the sixtieth floor window is 3500.
 - The height of the sixty-first floor window is 3500.
 - The height of the sixty-second floor window is 3500.
 - The height of the sixty-third floor window is 3500.
 - The height of the sixty-fourth floor window is 3500.
 - The height of the sixty-fifth floor window is 3500.
 - The height of the sixty-sixth floor window is 3500.
 - The height of the sixty-seventh floor window is 3500.
 - The height of the sixty-eighth floor window is 3500.
 - The height of the sixty-ninth floor window is 3500.
 - The height of the seventieth floor window is 3500.
 - The height of the seventy-first floor window is 3500.
 - The height of the seventy-second floor window is 3500.
 - The height of the seventy-third floor window is 3500.
 - The height of the seventy-fourth floor window is 3500.
 - The height of the seventy-fifth floor window is 3500.
 - The height of the seventy-sixth floor window is 3500.
 - The height of the seventy-seventh floor window is 3500.
 - The height of the seventy-eighth floor window is 3500.
 - The height of the seventy-ninth floor window is 3500.
 - The height of the eightieth floor window is 3500.
 - The height of the eighty-first floor window is 3500.
 - The height of the eighty-second floor window is 3500.
 - The height of the eighty-third floor window is 3500.
 - The height of the eighty-fourth floor window is 3500.
 - The height of the eighty-fifth floor window is 3500.
 - The height of the eighty-sixth floor window is 3500.
 - The height of the eighty-seventh floor window is 3500.
 - The height of the eighty-eighth floor window is 3500.
 - The height of the eighty-ninth floor window is 3500.
 - The height of the ninetieth floor window is 3500.
 - The height of the hundredth floor window is 3500.
